

**NY RENEWS
CALLS ON YOU TO**

STAND TOGETHER FOR CLIMATE, JOBS, AND JUSTICE

**JUNE 1ST 11:30am THE STATE CAPITOL,
ALBANY NY Capitol**

**DEMAND 100% CLEAN RENEWABLE ENERGY, GOOD JOBS,
FRONTLINE JUSTICE, AND HEALTHY COMMUNITIES**

Organizing throughout our state has led to significant victories on these issues, but moving NY into a new energy economy is far from complete. NY RENEWS is working with allies in the NY State Legislature to introduce a bill this spring that will get us closer to our goal.

Now is the time to bring our energy, our communities, and our unity to Albany!
On June 1st people from around the state will gather in Albany to call on the Legislature and Governor to take bold action.

**Join us for a day of public action on
Wednesday, June 1st in Albany.**

For more information about June 1st and transportation to Albany:

ORGANIZED BY NY RENEWS

NY RENEWS is an unprecedented statewide coalition of environmental and climate justice groups, community organizations and labor unions, faith based groups and young people working for policies grounded in equity and justice for our communities and working people.
